## SOUTH PLACE HOTEL >

> Boldly indulgent and oozing style, South Place Hotel is the first hotel from the restaurateurs D&D London, the owners of some of the best restaurants in the City, and it's everything you could possibly dream of! Located between Liverpool Street and Moorgate Stations, South Place is a contemporary luxury boutique hotel that is perfect for business and pleasure. With 2 restaurants, 3 bars, 5 private dining rooms, a gym, spa facilities complete with a steam room and sauna, a James Bond inspired games' room and resident weekend DJs, this is more than just your average hotel.

Enter into the lobby where you will be greeted with the warmest of welcomes and captivated by beautiful art installations, courtesy of the Hoxton Art Gallery. From mesmerising aviator-inspired aeroplane chandeliers and pop-art prints to giant Alice-in-Wonderland-esque arm chairs, checkered tables and wire shoe installations, South Place epitomizes all that is 'London': sophisticated, modern, cultural and creative.

The 80 bedrooms are chic, ultramodern and polished to perfection, with stylish Conran interiors, fully adjustable touch panel lighting and electronic blackout blinds. With a cashmere-wrapped mattress, the perfect night's sleep is just one bed away. To wash away your weekly worries, the lavish Italian-marble bathrooms are stocked with James Heeley toiletries and are complete with an oversized couples' shower, with the deluxe rooms also offering a large deep bathtub. You can't help but be seduced by its beauty, and we admit, it's pretty darn sexy.

But it's not all aesthetics. South Place appeals to the refined tastes of each individual. Located on the top floor is the Michelin-star Angler restaurant, with floor-to-ceiling windows offering the perfect view of London. Specialising in seafood, Angler offers a sophisticated menu with delicate dishes inspired by all that is British.

If you fancy something a little more casual, look no further than the ground floor restaurant, 3 South Place, which serves up contemporary classics complemented by its extensive wine list. It's also perfectly positioned next to the hotel's buzzing main bar, where you can sip expertly crafted cocktails and party after-hours with the resident DJ. Alternatively, hang out in the

Secret Garden bar, but we're not going to tell you where it is... because it's a secret.
